

Zhongli, May 14th , 2012

Dear Friends,

in November 2010, the Therapeutic Riding Centre of Taiwan successfully organized its annual "Hope Cup" as an international competition, starring riders from Australia, Hong Kong, Singapore and Taiwan. Inspired by the success of this event, we have decided that the "Hope Cup 2012" should again offer physically and/or mentally challenged riders from Taiwan and the Asian-Pacific region the possibility to show their abilities on horseback, exchange their experiences and to increase the awareness of the society about the benefits of Therapeutic Riding. This competition is especially designed for riders at the start of their competitive career, as this is a relatively inexpensive chance to gain experience in competing on borrowed horses in an unfamiliar, but friendly environment. For further information, please refer to the enclosed document.
